

THE HIT LIST

2010

[INTERACTIVE]

THE HIT LIST is an annual list that has existed in small talk, memo, gossip, facsimile, journal, email, and rumor since the beginning of the film industry. However, before this year it has always been left where it began, and shared closely, only amongst friends. The Hit List, is quite simply what YOU, personally dictate as your favorite item of topic. Whether it be; music, film, novel, or any other medium, The Hit List is what dictates your taste, and your choice as to what is to be deemed the BEST.

This year, we are making **THE HIT LIST** public.

This list, and everything inside of it, has been compiled, tallied, organized and created by The Tracking Board and Spec Market Weekly.

400. The number of voters who were nominated to take part in the 2010 list.

263. That is the number of voters who submitted before the deadline.

2,389. The total number of votes compiled.

1926. The number of votes that made the cut.

6. The amount of votes required to make the 2010 list.

THE HIT LIST exists to celebrate **SPEC SCRIPTS**. By focusing exclusively on Specs, this list aims to bring recognition to the new material that enters Hollywood, with an eye towards celebrating fresh ideas, new voices, and the emerging talents that make up the largest gambling circuit in all of Hollywood – The Spec Market.

To be eligible for the list, a screenplay must have been released into the spec market between December 1st, 2009 and December 1st, 2010. To be considered a Spec, a screenwriter must not have been paid for their work prior to exposing their script to the market. To make the list, at least six voting members needed to vote for the spec.

THE HIT LIST is voted on by a judging panel, which is nominated by a board of Development Executives, Producers, Writers, Agents, Managers, Directors, and Assistants. To be part of the judging panel, any member for the 2010 list had to be employed within the film industry, and had to be nominated, and voted for approval by those nominated before them. This organic process, allowed an unbiased, and writer friendly vote, based on the expansion to those who are reading these scripts first, and those who are considered to represent the “Taste” of Hollywood.

Before you continue, please bear in mind that the difference between the million dollar sale, and the unsold sample is rarely a judge of one being better than the other, but instead can be seen as talent, meeting opportunity on a roll of good luck.

I hope you enjoy our list.

SPEC /spěk/

On spec, made, built, or done with hopes of, but no assurance of payment or sale.
